Objective:

Aspiring software engineer with a strong foundation in Python, web frameworks, and machine learning. Seeking to leverage my skills in a challenging role to contribute to innovative projects and grow professionally.

Education:

Degree	Institution	Expected Graduation
Bachelor of Computer Engineering	Suman Ramesh Tulsiani Technical Campus, Faculty of Engineering	2025

Technical Skills:

Category	Skills
Programming Languages	Python (Advanced), HTML & CSS (Intermediate), MySQL (Intermediate)
Web Frameworks	Django (Intermediate), Flask (Intermediate), Laravel (Intermediate)
Data Science & Machine Learning	Machine Learning (Intermediate), Deep Learning (Beginner), Data Science (Beginner), Data Analytics (Beginner), Neural Networks (Beginner)

Projects:

1. **Web Application for Students:**
   - Developed a web application for students to register and upload their projects.
   - Implemented user authentication and project viewing features.
   - GitHub Link
2. **Stock Predictor using LSTM Neural Network:**
   - Built a stock price prediction model using LSTM neural networks.
   - Achieved third place in college project competition.
